No other operating system/browser combinations are supported.

If you are using Internet Explorer 8, you may need to configure intranet security settings.

a. In Internet Explorer, select Tools > Internet Options from the menu bar.
b. Click the Security tab.
c. Click Local Intranet.
d. Click Sites.
e. Click Advanced.
f. Enter the site URL in the Add this website to this zone field.
g. Click Add.
h. Click Close.
i. Click OK twice.

2. Internet connection: High-speed broadband connection recommended (DSL or Cable)

3. Sound card and speakers

4. Screen resolution of 1024x768 or higher.

Best Practices

1. Turn off pop-up blockers. The courses open in a separate window.

2. Verify the Learning Center URL: https://travelclick.kenexa.com is:
   a. A trusted site in your Internet settings.
   b. An authorized website on your network.

3. Verify that your email system considers @travelclick.com addresses to be a safe sender so that you receive future email notifications on training opportunities as well as product notifications. If you do not have authority to modify your email options or SPAM filters, check with your local I.T. department for assistance.
